

WHAT IS A SURETY BOND & WHY DO YOU NEED ONE?

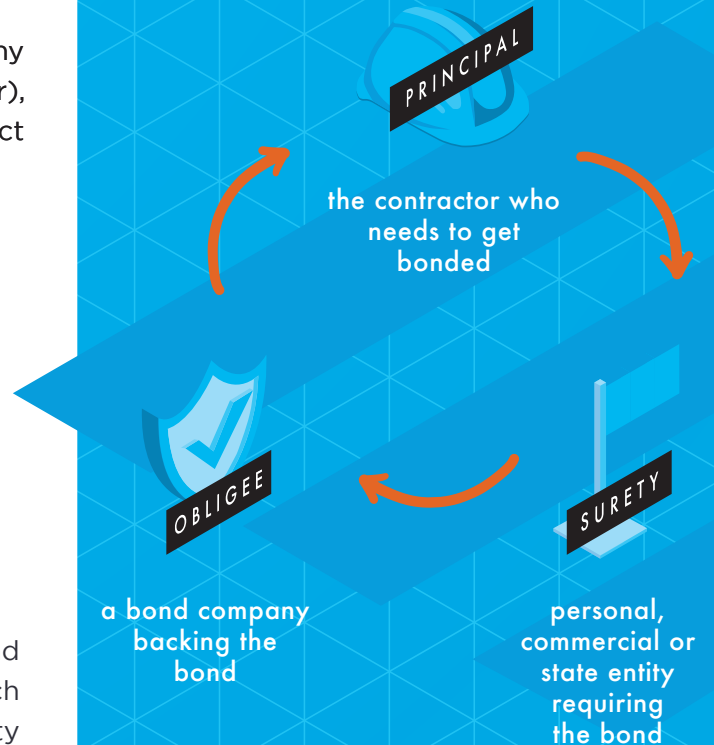

Surety Bonds provide financial security and construction assurance that contractors will perform the work and pay subcontractors, employees, and suppliers.

It is a risk transfer mechanism where the Surety Company assures the Obligee (Owner) that the Principal (Contractor), will perform the contract in accordance with the contract documents.

Fulcro's approach to secure & maintain a Bonding Line of Credit includes:

- Client Qualification with the Surety
- Financial Statement Analysis (Personal & Corporate)
- Operational Reviews
- Risk Assessment

Fulcro's experts are committed to helping you understand how bonds work and why you may need one. Our approach to help you get, maintain, or expand your bonding capacity (line of credit), is uniquely positioned not only to place Bid, Performance and/or Payment bonds but also to help you accomplish all of your surety requirements.
